## Face Protection Visor

PRODUCT CODE: 039020323-2

#	Parts	Pcs.	Weight	Material	Color
1	Face Protection Sheet-070000310-2	1	21.5	PVC	Clear
2	Sponge Band-070000311-1	1	3.10	PU	Dark Grey
3	Elastic Band-070000315-1	1	4.30	Fabric	White

**Face Protection Visor** is developed by our engineers for providing protection against contamination to the eyes from respiratory droplets, aerosols arising from AGPs and from splashing of secretions (including respiratory secretions), blood, body fluids or excretions.

### Cleaning & Sterilization

Our product is easy to use, preassembled. Visor needs to be sanitized after unpacking. Product can be reusable by replacing the protective sheet when it's damaged or exposed.

### Storage

Always store the Face Protection Visor in original protective packaging prior to usage.

Product has shelf life of five (5) years.

Products must be stored in dry and clean environment.

Storage conditions should not exceed the 37.7 °C (100 °F)

It is CE marked and manufactured to meet all health standards.

## for the following articles:

**Raw white yarns produced from polyester, cationic dyeable polyester, easy dyeable polyester, recycled polyester (from PET bottles), elastane covered polyester, PBT and PLA as well as optically brightened, dope dyed and disperse package dyed (also in neon pink) yarns produced from polyester, with and without UV treatment, partly produced with chips having flame retardant properties accepted by OEKO-TEX®; produced by using materials certified according to STANDARD 100 by OEKO-TEX®.**

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Appendix 6, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Appendix 6 for baby articles.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

**The certificate 02.T.2483 is valid until 31.05.2021**
